

Conflict Materials Statement

Brozelco, Inc. (Brozelco) is aware of the conflict mineral reporting obligations under Section 1502 of the U.S. Dodd-Frank Wall Street Reform Act. However, traditional component distribution activities, such as those performed by Brozelco, are not within the scope of the bill's reporting requirements.

As a distributor of electronic, electrical, electromechanical (EEE), and related components, we do not design, manufacture, or control the content of any products. Therefore, we must rely upon our manufacturer partners to advise us as to the conflict mineral status of the products we distribute.

Please note: As Brozelco does not control the material content of the products we sell, we cannot complete web surveys, spreadsheets, and/or sign off on customer or vendor letters or documents related to Conflict Minerals due to related liability issues.
